

Cloud Storage and Managed Services Contract

This Contract outlines the terms for cloud storage hosting provided by CloudData Storage Systems. Data will be hosted in secure, redundant facilities.

Security Audits: The vendor maintains strict security protocols. However, the client agrees that the client waives all audit rights. The client is prohibited from performing independent compliance audits or inspecting vendor facilities.

Unlimited Liability: Notwithstanding anything to the contrary, the Client shall have unlimited liability for any breaches of system security or data access policies caused by its users.

Billing Terms: Payments are processed monthly. Late payments accrue interest at 1.5% per month.
